(Rg1, Rb1 and Rg3)

## 100% Korean Red Ginseng

- Patent no. 10-1357169  
Method for preparing the spherical granules of red ginseng extract concentrates by using granulated red ginseng powder
- Patent no. 10-0813387  
Method for making spherical pallet improved powder fluency and storage quality without extending the ginseng concentrates

## Red Ginseng Concentrate : 1,000mg (20mg/g Ginsenosides)

- 1 packet of Atomy Hongsamdan includes 20 mg/g of ginsenosides, higher than the recommended daily intake of 3 mg.

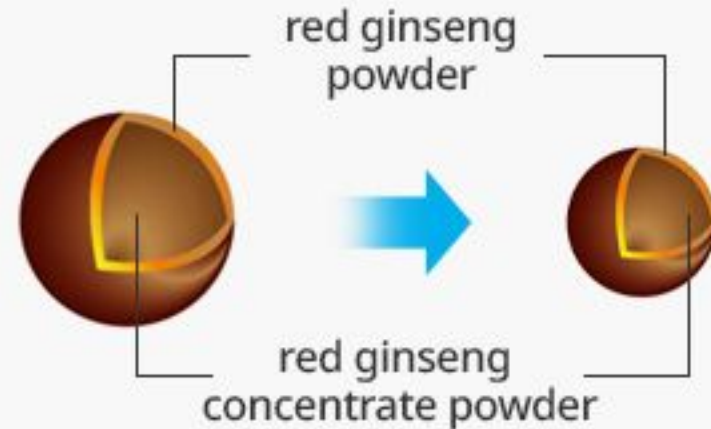

## Spherical Granules, easy to take and carry!

- Granulated red ginseng powder dissolves easily in water and melts softly in the mouth.
- Easy to carry and convenient to take!

# Hongsamdan's **exclusive technology** manufactures smaller granules

\* Granule size : 1.2 ~ 1.7mm → 0.8 ~ 1.0mm

- \* **UNIFORM sized GRANULES** : Improved product quality by reducing granule size variations and breakages
- \* **EASIER TO CONSUME** : Melts faster in water (20-30% increase in melting rate compared to previous product)
